

FREEDOM

Massimiliano Raggi

FREEDOM

Freedom riproduce la forma di una gabbietta. "Freedom" in inglese significa libertà e il suo segno di riconoscimento è costituito da un uccellino metallico posto grazie ad una calamita al di fuori della gabbietta stessa, proprio ad indicare la libertà da ogni costrizione. Lampada da esterno IP65, è disponibile nella versione cablata o a batteria. Completa l'offerta una serie di accessori laccati neri che ampliano le possibilità di utilizzo della lampada Freedom.

Freedom reproduces the shape of a cage. Its sign of recognition consists of a metallic bird placed outside the cage with a magnet, in order to symbolize freedom from any constraint. An IP65 outdoor lamp, it is available in the wired or battery version. The offer is completed by a series of black lacquered accessories which expand the possibilities of using the lamp.

ACCESSORI / ACCESSORY

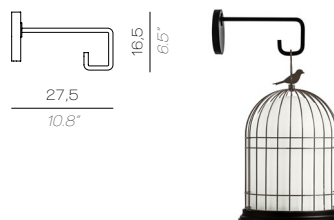

Piastra da terra
Ground plate

Gancio per piantana
Hook for floor

Gancio da parete
Hook for wall

**NOTE:**

1. VERSIONE CABLATA: fornita solo con connettore IP68. In caso di collegamento con spina, il grado di protezione passa da IP65 a IP44.
2. VERSIONE BATTERIA: la luce lampeggiante all'interno della lampada indica che la lampada è completamente scarica. Per terminare il lampeggiamento tenere premuto qualche secondo il pulsante di accensione, la lampada si accenderà brevemente, dopodiché si spegnerà. Mettere la lampada su una superficie piana, come mostrato, e collegare la spina all'impianto elettrico per caricare la lampada. Controllare che lo spinotto sia inserito correttamente nella presa. Lasciare in carica per circa 4 ore (12 ore al primo utilizzo) con la lampada spenta. Assicurarsi che il tappo in gomma sia chiuso prima dell'uso.

NOTES:

1. WIRED VERSION: supplied only with IP68 connector. In case of connection with a plug, the degree of protection changes from IP65 to IP44.
2. BATTERY version: Flickering light inside the bulb indicates that the lamp is completely out of power. To stop the flickering keep the on-button pressed for a few seconds, the lamp will switch on for a short time and then switch off. Place the lamp on a flat surface, as shown, and connect the cable to the main power to charge the lamp. Make sure that the plug is correctly inserted into the socket. Let the lamp charge for approximately 4 hours (12 hours at the first use) with the lamp Off. Verify that the rubber cap is closed before use.
