# TERRA

PENDANT

SHOWN ABOVE IN CRYSTAL GLASS

## PRODUCT DETAILS

The Terra pendant is ripe and round with a contemporary configuration of four Edison style bulbs at its center; symbolic of the elements: earth, wind, fire, and water. The generous proportions of hand-blown glass give this light tremendous presence. The Terra pendant is stunning on its own in a bedroom or above a dining room table.

## SPECIFICATIONS

Hand-blown glass

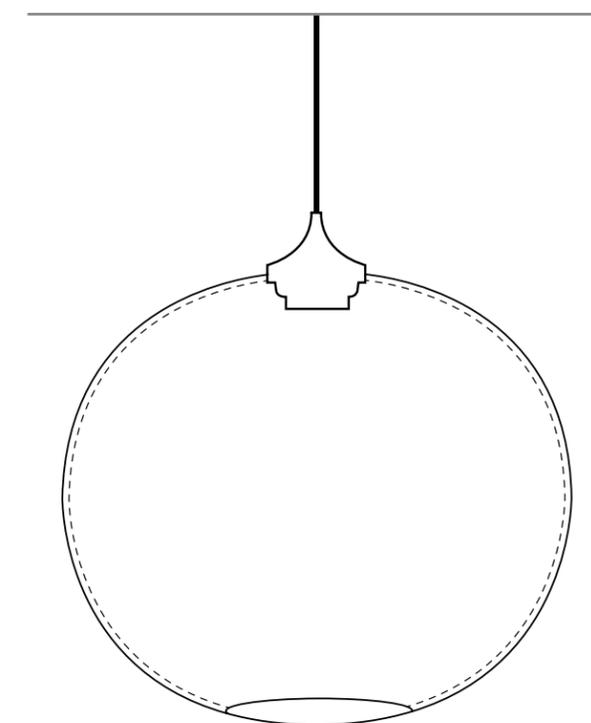

Includes: Glass Terra shade, 4' black cord and 5" black ceiling canopy. Other ceiling canopy finishes available as custom order. See [tear sheet](#) for more information.

## DIMENSIONS

11"H x 13"W

## CHOOSE A CANOPY FINISH

Choose from one of our 4 unique finishes to blend in seamlessly with your space! All Niche canopy kits include a 5" domed ceiling canopy, mounting plate & screws. This allows for installation directly into an electrical junction box and the canopy will cover any standard size opening.

# CORD SETS

## HOW LOW CAN YOU GO?

The standard 4' length that comes supplied with your Niche pendant should work for most installations. Your electrician can easily adjust the height up or down before installing so you can get it just right.

"A little higher. Now a little lower. Ok, perfect!"

### AT THE END OF YOUR ROPE?

All Niche cord sets can be cut on site to the desired length. To find out how much cord length you need just take the measurement from the floor to the ceiling and then subtract that from the distance from the floor to the bottom of the glass. It's easy and we're always here to help make sure you have exactly what you need.

### STANDARD 4' BLACK CORD SET

Our 4' black cord set comes standard with your order, but you can also select from longer lengths or choose the sleek and chic silver cord.

Cord sets are available in both 120 and 240 volts. Check out the map on the next page to find out what type of voltage you need for your installation.

# INSTALLATION

IN A NUTSHELL...

## 1 SET DROP LENGTH

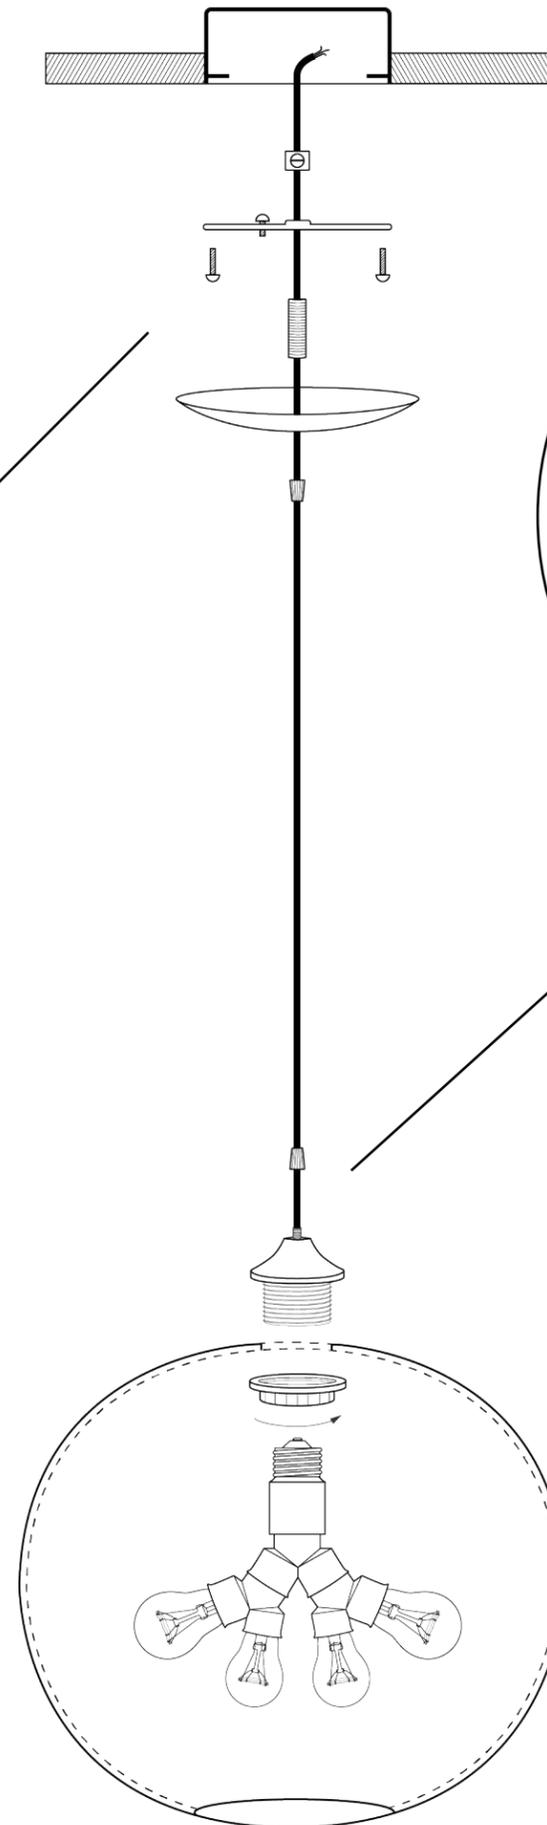

Measure twice, cut once! Make sure your pendant hangs at the right height by setting your drop length ahead of time.

## 2 WIRE IT UP!

Your pendant includes everything you need to install directly into a junction box. Thread the wire-end of your cord through the included parts of the canopy kit, as pictured. Connect the light fixture wires to the wires in the junction box, followed by attaching the crossbar (E) & the canopy (C).

Your electrician will be able to help you with these steps!

## 3 THE FINAL MOMENT

When attaching the glass shade onto the cord, remove (J) the shade ring from (I) the threaded socket. When doing so, it is important to only grip (G) the glass strain relief on the top of (H) the socket cover, not the socket cover itself. Hold this strain relief when re-attaching the shade ring to hang glass and when removing glass to clean.

Finally, insert your bulb & flip the switch!

### CAUTION

Be sure the power is turned off by either removing the fuse or shutting off the circuit breaker. Installing your Niche pendant is pretty straightforward, but we always suggest that you work with a certified electrician to ensure proper installation. An electrician can also install your lights on a dimmer switch if using dimmable bulbs. This is highly recommended.

### STANDARD CANOPY KIT INCLUDES

- A MOUNTING SCREWS
- B NIPPLE PIPE
- C CANOPY
- D WIRE STRAIN RELIEF
- E CROSSBAR
- F CANOPY STRAIN RELIEF
- G GLASS STRAIN RELIEF
- H SOCKET COVER
- I THREADED SOCKET
- J SHADE RING

- 100 - 120 V
- 220 - 240 V

The Terra pendant can accommodate both 120 and 240 volt settings. 120v bulbs are included. For 240v bulbs please call or email us for options.

**LAMPING**  
OPTIONS

## A15 FILAMENT BULBS

For use in our Binary and Terra pendants, the A15 Filament bulb is available in two different wattages, 25 and 40. Please note, Niche does not recommend exceeding 100 watts total per fixture.

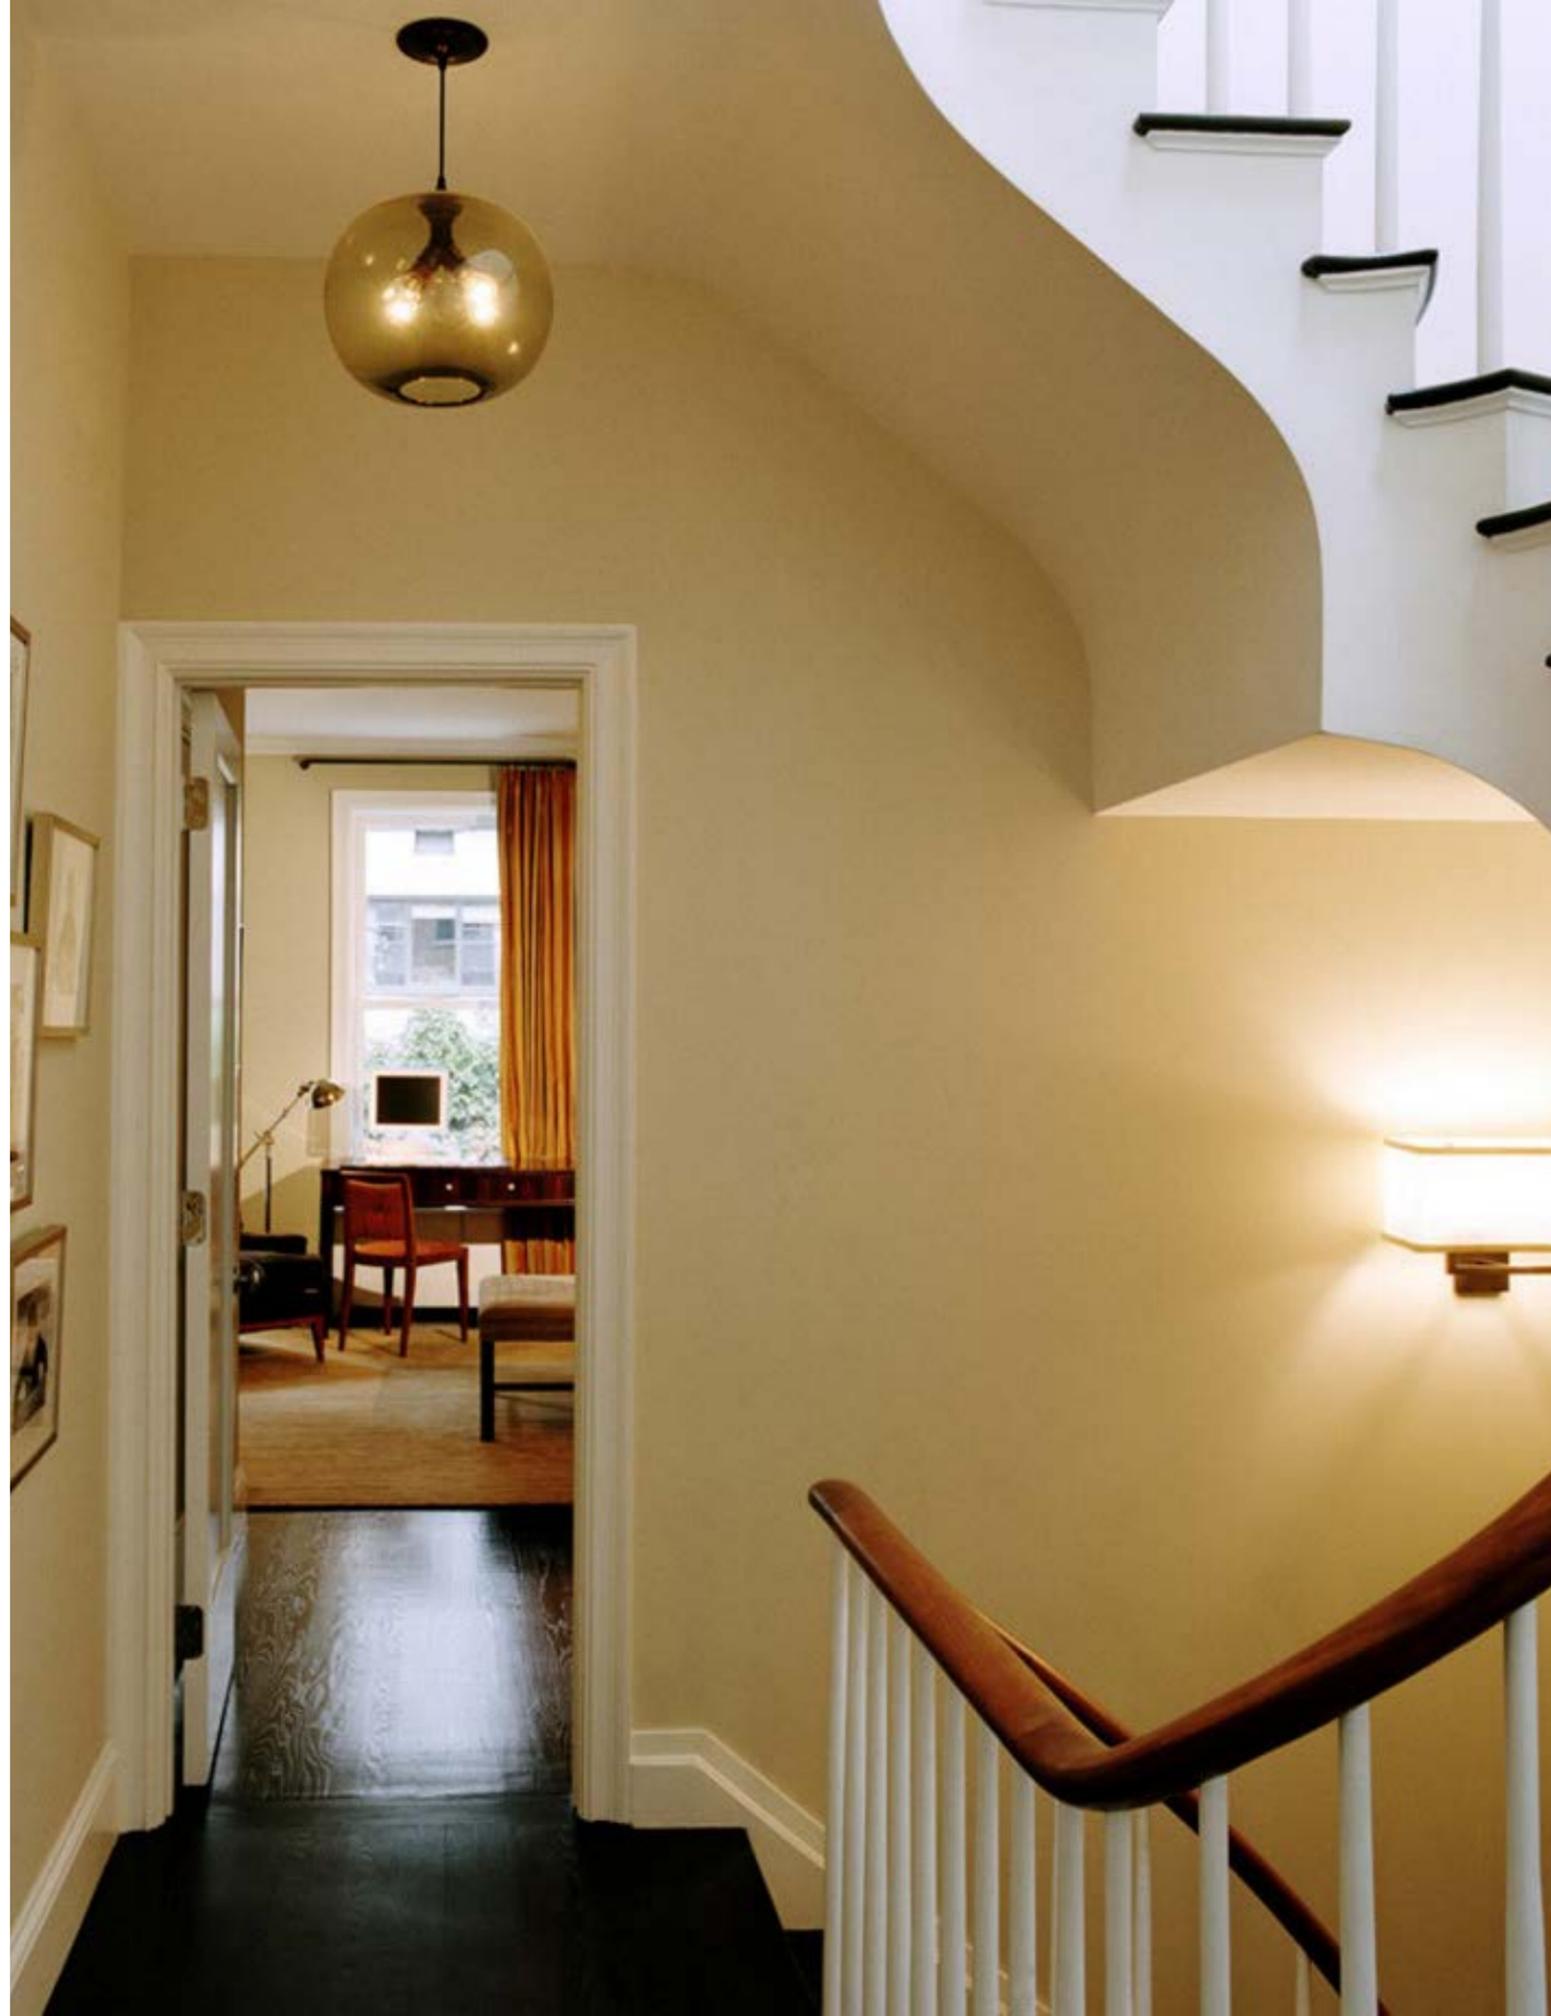

## LED APPLIANCE BULBS

Newly available LED nostalgic style bulbs save you energy without losing that vintage feel. This dimmable LED A15 bulb works on 120 volts and only uses 2 watts. For use with our Binary and Terra pendants, it is a perfect solution when energy efficiency is required.

INCANDESCENT G30  
LARGE GLOBE BULB

The G30 globe style is used in our Terra, Coolhaus and Schoolhaus pendants. The nostalgic filaments create an ideal look for residential settings.

INCANDESCENT  
FROSTED G30 LARGE  
GLOBE BULB

The G30 frosted style globe is used in our Opaline colorways in the Terra, Coolhaus and Schoolhaus pendants.

INCANDESCENT G95  
VINTAGE GLOBE BULB

Designed for use on both 120 and 240 volts, this commemorative globe bulb is a brilliant solution for a warmer tone. The filaments are nostalgic in style and will fit well with our Schoolhaus, Coolhaus or Terra pendants.

INCANDESCENT  
FROSTED G95 VINTAGE  
GLOBE BULB

Designed for use on both 120 and 240 volts, this commemorative frosted globe bulb is suitable for use in our Opaline colorway of the Schoolhaus, Coolhaus or Terra pendants.

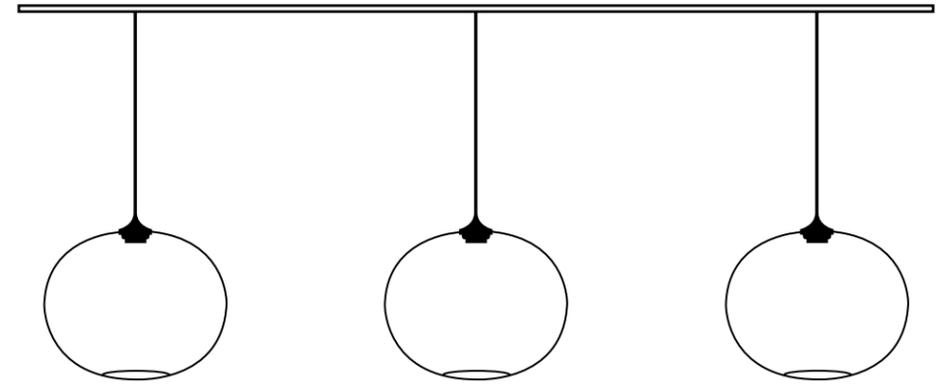

## LED GLOBE BULB

Energy savings is finally here! This dimmable hybrid LED works with 120v settings. The LED conductors are molded to replicate the filaments from its incandescent predecessor. Recommended use with Lutron C.L. Skylark or Diva dimmers.

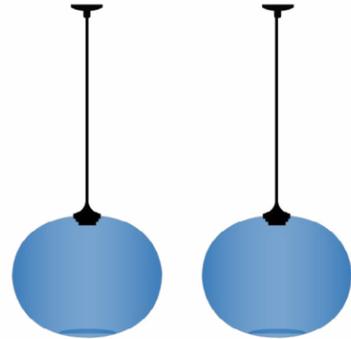

## MULTI-PENDANT

INSTALLATION IDEAS

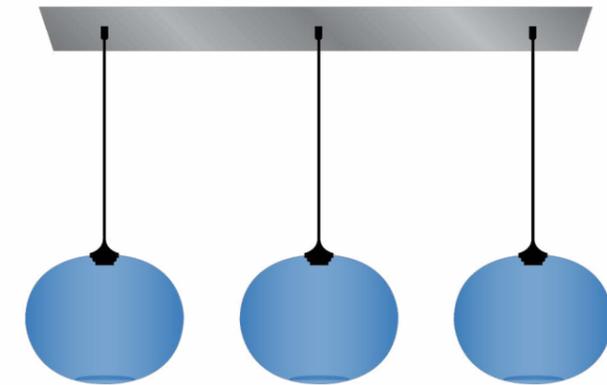

# THE MORE THE MERRIER

## HOW TO HANG MULTIPLE PENDANTS

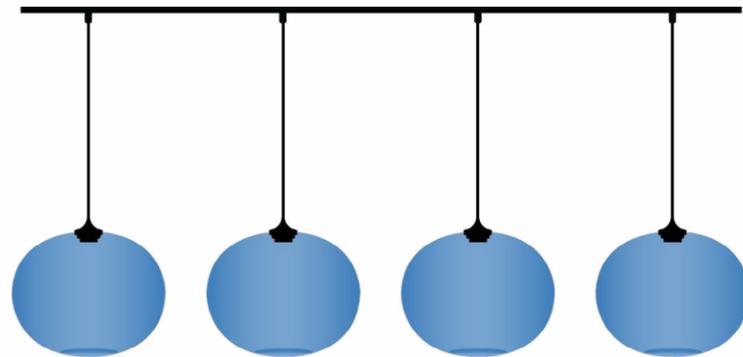

### MULTIPLE JUNCTION BOXES

All Niche pendant lights ship with an individual canopy included. This allows for installation directly into a standard junction box. Selecting multiple pendants, whether it's 2 or 3 above a kitchen island, can help visually define your space. Each will require a separate junction box but the 5" dome canopy provides a classic look that works with multiple pendants.

### MULTI-PENDANT CANOPY

Electricians aren't cheap, so if you're planning on hanging more than one pendant you may want to look at our Multi-Pendant Canopy options. Your electrician will only need one electrical junction box to hang multiple pendants. Choose from our Linear Large canopies to hang 2, 3 or 4 Terra pendants. Find out more about the [Linear Large Canopy Collection](#).

### TRACK LIGHTING

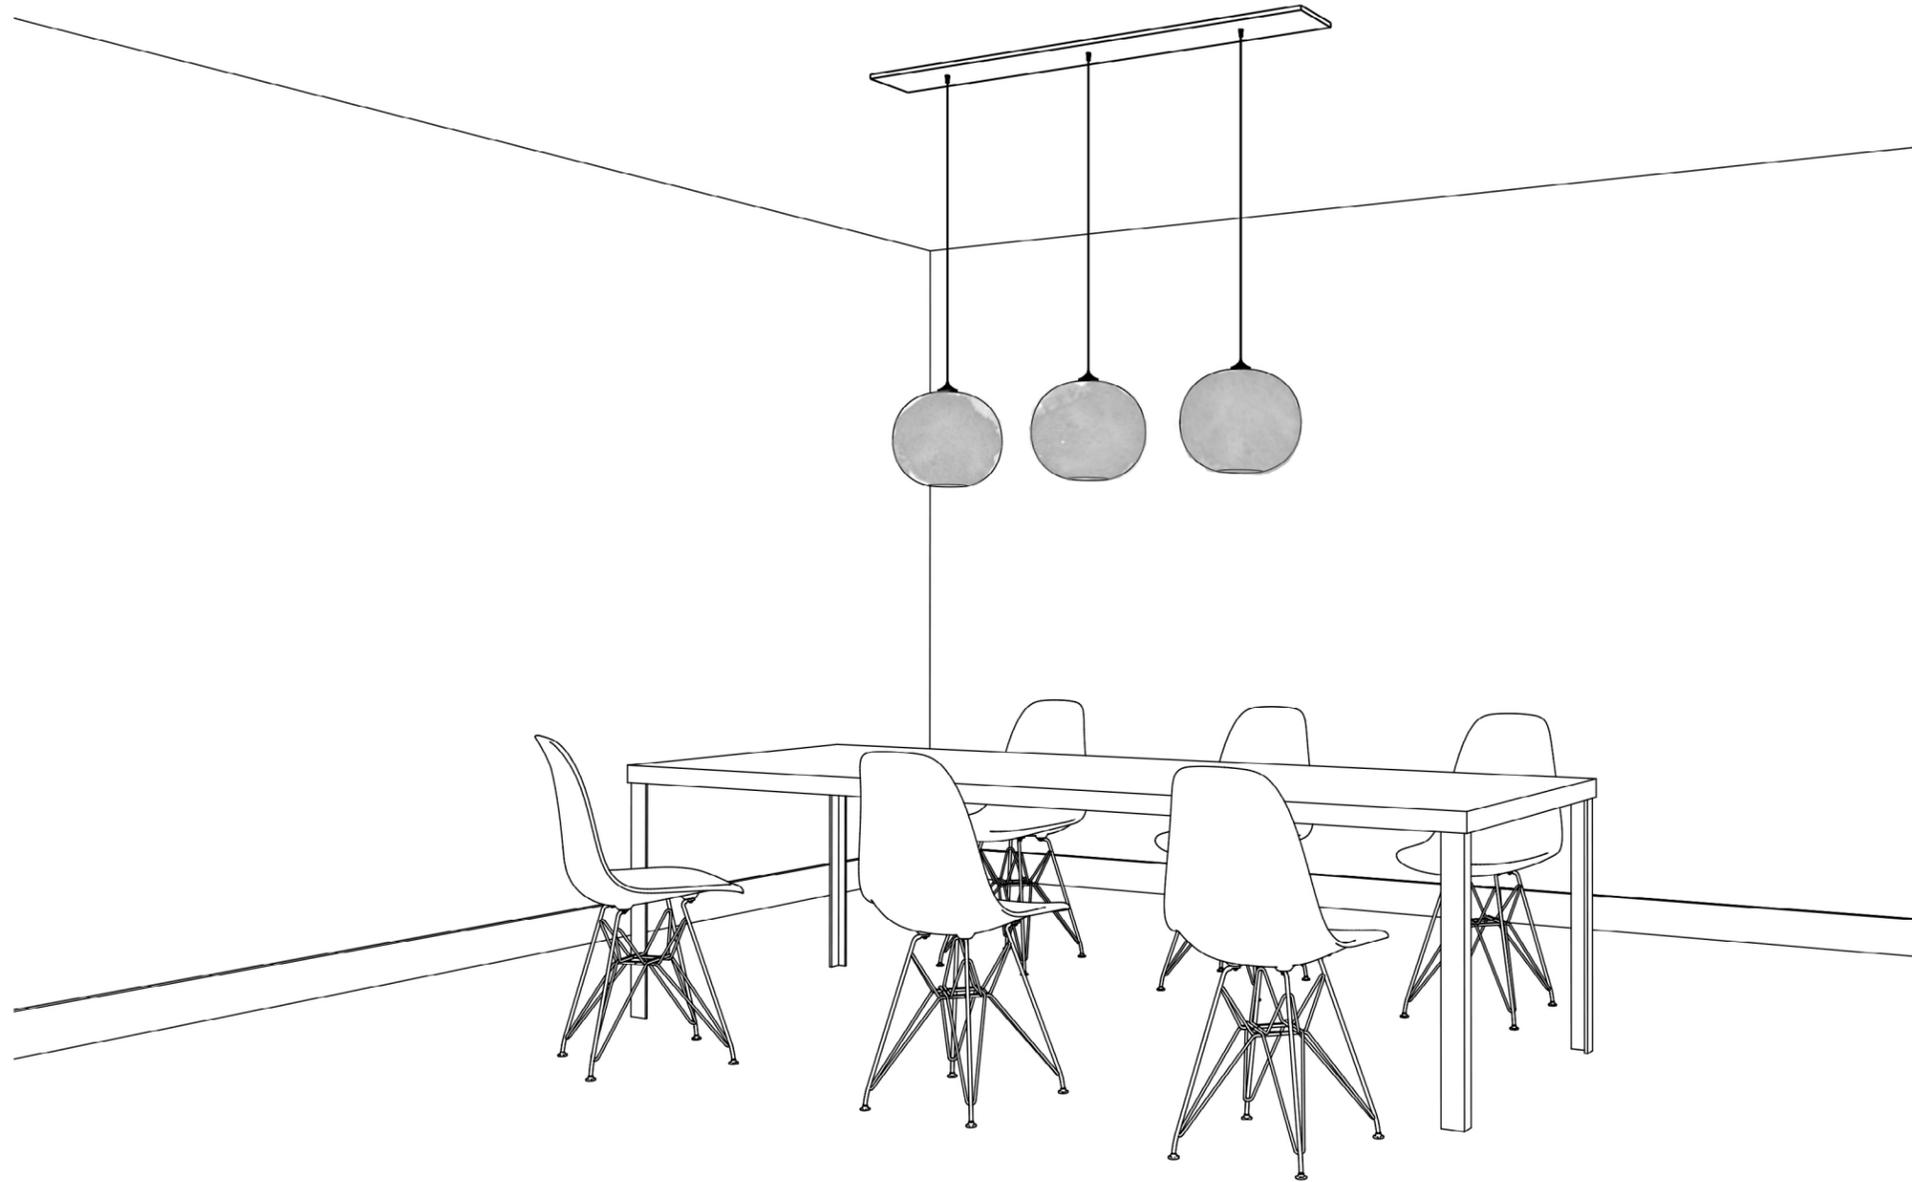

Track lighting allows you to hang multiple pendants with the freedom to move and position the lights anywhere along the track grooves. Ask your electrician about installation options. Niche pendants are compatible with Halo, Juno and Lightolier line voltage track systems. Niche can provide Halo compatible track connectors which your electrician can wire at the desired height.

### CUSTOM DESIGN SERVICES

Team Niche is a group of magical beings. We'll wave our magic wands and create something special, just for you. [Contact us](#) to get started on your custom installation now!

# INSPIRATIONAL SETTINGS

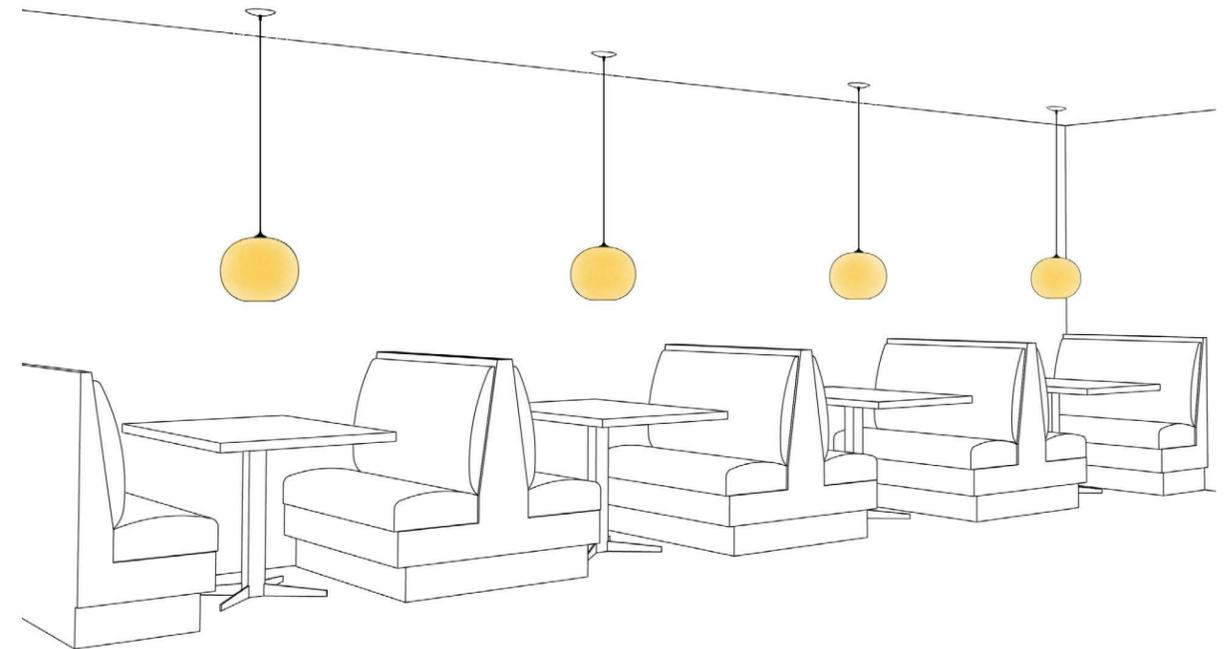

## MULTI-PENDANT CANOPY

Dine beneath added style! Use a Linear-3 Large Canopy with Terra pendants over your dining room table to make a big statement. The colors and drop lengths are entirely up to you, making each installation truly unique.

## TRACK LIGHTING

Traditional track lighting makes it easy to move and position your pendants however you please. Hang multiple Terra pendants over your kitchen island to create a custom, contemporary design.

## MULTIPLE JUNCTION BOXES

There are endless possibilities when using multiple junction boxes to hang luxurious lighting for your restaurant. Hang a single Terra pendant above a table to bring warmth and intimacy to your space.

*handmade with ❤️ in new york*

Located along the Hudson River, Niche calls the city of Beacon home.
